THE IREGA GUARANTEE
 All IREGA wrenches are manufactured to the highest standards and are guaranteed against any defect in workmanship or materials.

SIZE MATTERS

SWO 99 - 6"

SWO 99 - 8"

34 mm (1 3/8 in) Super Wide Opening <

78% wider than standard adjustable wrenches of similar (6 in) size!

Lighter weight - 205 grams <

68% lighter than standard adjustable wrenches (12") with similar opening!

39 mm (1 1/2 in) Super Wide Opening >

62% wider than standard adjustable wrenches of similar (8 in) size!

Lighter weight - 345 grams >

50% lighter than standard adjustable wrenches (12") which has smaller opening!

Ideal for use in confined spaces

Lightweight and compact adjustable wrench.

Always handy: anytime, anywhere

ErgoTop grip minimizes the risk of accidental damage to fine surfaces

Great manoeuvrability

Thanks to its Super Wide Opening and slim jaw profile, the IREGA SWO model performs where standard adjustable wrenches do not

Special design to work torque / counter-torque on reduced and compact areas

Absolutely parallel jaw surfaces ensure perfect grip of nut.

Metric measuring scale on jaws for easy presetting and sizing of nuts, bolts, pipes, etc. (also available in inches).

Precision-ground jaw slides ensure smoother action and **accurate adjustment** of jaw & handle.

CHROME VANADIUM steel. Great resistance, minimum wear, unbeatable durability.

Thinner and longer jaws. **Top functionality and torque.**

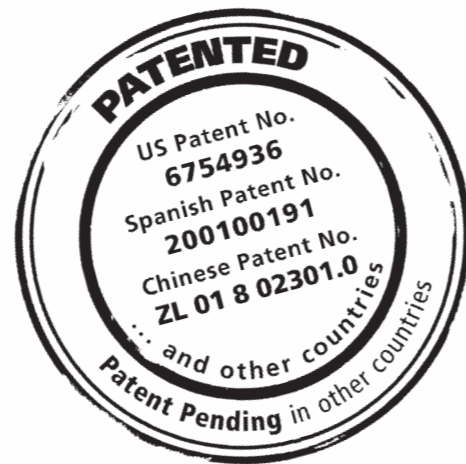

Non-protruding jaw shank. Great accessibility in tight spaces.

Double security. Threaded Pin and visible Stake for working under extreme conditions.

Adjustable wrench:

- > Lightweight
- > Compact: "Stubby"
- > Robust
- > Versatile
- > IREGA - 100% quality assured

* Real Sizes

ErgoTop is the world's **first adjustable wrench** that allows the professional to **replace the ergonomic grip**, if necessary.

High performance universal tool, ideal for:

- > Plumbing
- > Heating
- > Air Conditioning
- > Refrigeration
- > Maintenance, etc...
